## Regulatory Updates

# Hazardous Waste Program

## Large Quantity Generator Reporting Requirements and Fees

- ▶ HB 1705
- ▶ Beginning July 1, 2021
  - LQGs will no longer be required to submit Disposal Plans
  - LQGs will no longer pay fees for any associated waste streams
  - LQGs will no longer be required submit Hazardous Waste Quarterly Reports
  - The annual monitoring and inspection fee will now be at a flat rate of \$300 for all LQGs

# Hazardous Waste Program

## Hazardous Waste Disposal Fees

- ▶ HB 1705
- ▶ Beginning July 1, 2021
  - Increases the in-state per-ton disposal fee from \$9/ton to \$9.50/ton
  - Offset the revenue lost from removing disposal plans
  - Goal was to preserve, not increase, revenue

# Hazardous Waste Program

## Small Quantity Generator Monitoring Fee

- ▶ HB 1705
- ▶ Beginning July 1, 2021
  - Sets fee of not less than Twenty-five (\$25.00) and no more than Seventy-five Dollars (\$75.00)
