Summary of Services or Products

Air Hygiene is a full-service source emission testing firm, successfully partnering with businesses since 1997. Our core philosophy of “Second-to-None (2-2-0)” demands extra-mile customer service anchored on dignified character and family-oriented principles, delivering unmatched quality stack testing worth paying for every time. Utilizing revolutionary technology and creating *Air Hygiene University*, we offer the best site teams in the industry. Let Air Hygiene handle all your source testing needs, including: Annual Compliance, RATAs, Engine Tuning, Particulates, Flow, Initial Compliance and Guarantee Testing for Startups, HAPS, and Mercury.
