

ENVIRONMENTAL FEDERATION OF OKLAHOMA

Cody Vinyard

Cody is a Certified Safety Professional through the Board of Certified Safety Professionals with 18-plus years of experience. He served 11 years as an Adjunct Instructor for the Eastern Oklahoma County Vo-tech, consulting with small businesses in safety & health and creating health and safety programs. He is currently a Safety Specialist for OGE Energy Corp, focused on Contractor Safety in Prequalification and Management. Over his 14 years at OGE, he has managed safety within Power Generation, Fleet, Warehousing, Construction, Transmission & Distribution Resource Coordination and Utility Technical Services.

Work experience includes manufacturing, construction, utilities, and consulting

He has a Bachelor's Degree in Industrial Safety from University of Central Oklahoma. He is an active member of the OKC Chapter of ASSP, serving as a past President and current Executive Committee member.
