

ENVIRONMENTAL FEDERATION OF OKLAHOMA

Scott Thompson

Scott Thompson has served as the Executive Director of the Oklahoma Department of Environmental Quality since December 2013. In that role, Thompson has implemented new approaches to environmental permitting and enforcement in Oklahoma with the goal of helping make the state more prosperous and economically viable. Prior to becoming executive director, Thompson led ODEQ's Land Protection Division, where he managed a diverse set of programs, including Superfund, Brownfields, Voluntary Cleanup, and Radiation

Management. Thompson has a biology degree from Central State University. He also has a master's degree in environmental science from the University of Oklahoma.
