

ENVIRONMENTAL FEDERATION OF OKLAHOMA

Stephanie Rainwater

Stephanie Rainwater works for Horizon Environmental Services, an LJA Company, as a project manager. She has expertise in:

- Project permitting and management
- Biological Evaluations
- United States Army Corps of Engineers wetland delineator
- Phase I ESA (ASTM Practice E1527-21) Qualified Environmental Professional
- Migratory Bird Treaty Act and Bald and Golden Eagle Protection Act Surveys
- Endangered species habitat assessments and surveys (United States Fish and Wildlife Service section 10(a)(1)(A) recovery permit TE00284A)

As the Ecological Project Manager for Horizon's Oklahoma division, Ms. Rainwater brings over 15 years of experience in wildlife biology, project management, permitting, and consulting. Ms. Rainwater has conducted jurisdictional wetland delineations and determinations and performed threatened and endangered species habitat, critical habitat, and natural resources assessments for projects in OK, Ks, AR, TX, NE, and MO, primarily for transportation, energy, and oil and gas operations. She received her B.S. in Biology from Northeastern State University and her M.S. in Environmental Management from Oklahoma State University. She is the secretary for the Oklahoma Herpetological Society and is the Wildlife Chair for the Environmental Federation of Oklahoma.
