

ENVIRONMENTAL FEDERATION OF OKLAHOMA

Kelsey Bufford

Kelsey Bufford is an Environmental Programs Manager for the Oklahoma Department of Environmental Quality. She is the manager for the Land Protection Division Superfund Program, focusing on remedial actions, maintenance, and compliance for uncontrolled hazardous waste sites. Prior to working for DEQ, she worked for Greystone Environmental Services conducting and drafting environmental site assessments for real estate. Before joining the environmental sector, Kelsey worked as a geophysicist for ConocoPhillips in Houston, Texas where she interpreted seismic and well data to generate potential oil and gas prospects.

Her education includes a Bachelor's and Master's degree in Geology from Oklahoma State University with an emphasis on potential field geophysics. She is also a licensed Zumba instructor and enjoys travel, art, food, and wine.
