

# ENVIRONMENTAL FEDERATION OF OKLAHOMA

## Shellie R. Chard

Shellie Chard obtained her education in Chemical Engineering and Biotechnology from the University of Oklahoma. She has been the Water Quality Division Director of the Oklahoma Department of Environmental Quality since January 1, 2010 and has 31 years of experience in the drinking water and wastewater profession. Today she oversees drinking water, wastewater, storm water, water reuse, biosolids, operator certification and training and infrastructure funding.

In addition to her activities at DEQ she is a member of the National Drinking Water Advisory Council and holds leadership positions in Association of Safe Drinking

Water Administrators, Ground Water Protection Council, Association of Clean Water Administrators, Oklahoma Water Environment Association, and the Water Environment Federation.
