

# ENVIRONMENTAL FEDERATION OF OKLAHOMA

## Audra Liggenstoffer

Dr. Audra Liggenstoffer is an Environmental Consultant, Researcher, and Innovator, with over 20 years' experience in Translating Science for the Non-Scientist.

She founded and leads Brown Environmental, LLC, a company bringing Total PFAS Testing to Oklahoma & the First Mobile Unit in the USA.

Prior to her role with Brown, Dr. Liggenstoffer served as a Sr. Environmental Engineer and Program Manager for American Airlines. Among her responsibilities, she led

the company's Aerospace PFAS Program including current "hot topic" areas of Aqueous Film Forming Foams (AFFFs) and Chromium Plating/Metal Finishing Operations.
