### Summary of Services or Products

Formed in 1902, OG&E is Oklahoma's oldest and largest investor-owned electric utility. We serve more than 889,000 customers in 276 towns and cities in a 30,000 square mile area of Oklahoma and western Arkansas. The largest city on our system, Oklahoma City, has a metro area population of approximately 1.5 million people. But we also serve towns like Enid, Ardmore, Muskogee, Norman, Durant, Ft. Smith Ark., as well as many other smaller communities throughout our service territory. We have approximately 2,400 employees who live and work in the very communities we serve. Our power plants, located throughout Oklahoma, generate electricity using natural gas, coal, wind, and solar power.
